Date : Page No. Information and communications technology (ICT) is an extensional term for information technology (IT). that stresses the role of unified communications and the integration of teche communications (telephone lines and necessary and computers, as well as age and audiovisual, that enable users to access, Store, transmit, understand and manipulate information. ICT is also used to refer to the convergence of audiovisuals and telephone networks with computer networks through a single cabling or link system. There are large economic incentives to merge the felephone networks with the computer network. system using a single unified system of cabling, signal distribution; and management. TCT is an umbrella term that includes any communication colors

Page No. 3 Date :

Information and communication Technology (ICT) is the convergence of computing, telecommunication and governance policies for how information should be accessed, secured, processed, transmitted and stored.

In some parts of the world, ICT is used as a synonym for information technology. (IT), but the two terms can have slightly different meanings when used in different contexts. For example, in the United States the label IT. is used when discusing technology in terms of business operations — while the label ICT is used. more often in the context of education and government.

JCT has become an umbrella term in many parts of the world as

Syllabus

Unit - 1 : Overview of Indian Society

Understand the multi-cultural diversity of Indian society through its demographic composition: population distribution according to religion, caste, and gender;

Appreciate the concept of linguistic diversity in relation to the Indian situation;

Understand regional variations according to rural, urban and tribal characteristics; Understanding the concept of diversity as difference.

Unit - 2 : Concept of Disparity - 1

Understand the concept of disparity as arising out of stratification and inequality; Explore the disparities arising out of gender with special reference to violence against women, female foeticide (declining sex ratio), and portrayal of women in media;

Appreciate the inequalities faced by people with disabilities and understand the issues of people with physical and mental disabilities.

Unit - 3 : Concept of Disparity - 2

Examine inequalities manifested due to the caste system and inter-group conflicts arising thereof;

Understand inter-group conflicts arising out of communalism;

Examine the causes and effects of conflicts arising out of regionalism and linguistic differences.

Unit - 4 : The Indian Constitution

Philosophy of the Constitution as set out in the Preamble;

The structure of the Constitution - the Preamble, Main Body and Schedules;

Fundamental Duties of the Indian Citizen; tolerance, peace and communal harmony as crucial values in strengthening the social fabric of Indian society; Basic features of the Constitution.

Unit - 5 : Significant Aspects of Political Processes

The party system in Indian politics;

Local self-government in urban and rural areas;

The 73rd and 74th Amendments and their implications for inclusive politics; Role and significance of women in politics.

Topics for Project Guidance : Growing Social Problems in India

- Substance abuse impact on youth & challenges for the future
- HIV/AIDS awareness, prevention, treatment and services
- Problems of the elderly causes, implications and response
- Issue of child labour magnitude, causes, effects and response
- Child abuse effects and ways to prevent
- Trafficking of women causes, effects and response

Note : Out of the 45 lectures allotted for 5 units for Semester I, about 15 lectures may be allotted for project guidance.
